

Accelerating capital acquisition for high growth technology companies

## Who we are

**Threshold Partners, LLC** is a worldwide network of seasoned business executives focused on accelerating growth for early and mid-stage technology companies. With more than 500 years of combined experience in founding and growing technology companies, Threshold is the premier provider of growth strategy, capital acquisition, and execution services for companies positioning to lead their industries.

## Threshold Capital Acceleration

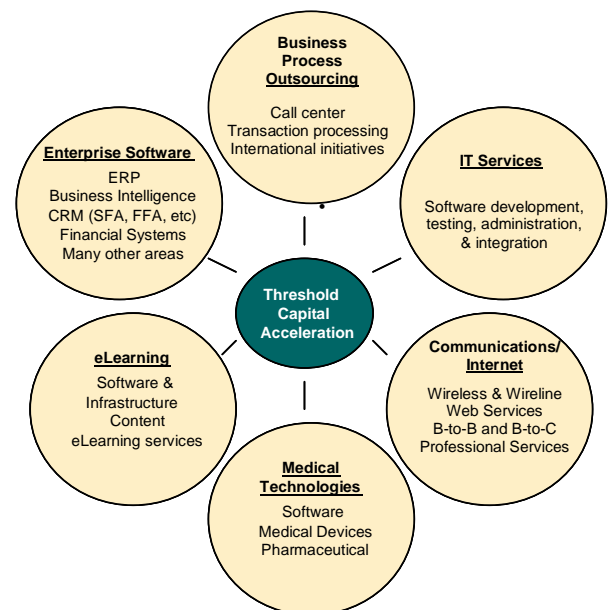

Threshold's **Capital Acceleration Services** provide early stage and mid-market technology companies with access to Threshold's deep networks of investors while fully preparing companies to raise a round of investment capital. Services to assist technology companies in preparing to raise a round investment capital include:

- Preparation of materials, including business plans, offering documents, and PowerPoint slide shows
- Coaching management in effective presentation methods for funding sources
- Targeted introductions to accredited firms and investors
- Guidance and preparation for the due diligence process

To meet our client's capital needs, we leverage our existing network of private investors, and add to our list by quickly identifying and contacting additional possible investors. Our goal is to rapidly find the capital you need to grow from the strongest possible investment partner

## Our Expertise

Threshold is a nationwide network of senior executives experienced in founding and leading technology firms such as Mastech (iGate), Planning Technologies, Carnegie Speech, RedHat, Personify, Electrifier, Poppe Tyson, USConnect, Yourfit, Aptech, and MetaMor.

## Benefits of Working with Threshold Partners . . .

- Higher probability of successfully raising a round of investment capital
- Acquire a polished, professional investor presentation
- Introductions to venture capital firms and other investors
- Lower cost than traditional investment banks
- Avoidance of mistakes by leveraging the experience of the Threshold team
